

The European Industry - Academia Network for Revising and Advancing the Assessment of the Soil Microbial Toxicity of Pesticides

Problem ARISTO tackles

*Outdated tools and procedures for the **assessment of the toxicity of pesticides on soil microorganisms at regulatory level***

How ARISTO will fix it

- *Train the next generation of **soil microbial ecotoxicologists***
- *Develop **novel tools to assess the soil microbial toxicity of pesticides***
- *Produce a **novel risk assessment scheme ready to be uptake by the relevant EU pesticide regulatory framework***
- *Revolutionize our knowledge of the **toxicity mechanisms involved on pesticide – microbe interactions***

**9 PhD students
trained in
industry and
academia**

7 Academic beneficiaries

9 Industrial beneficiaries

3 Associated Partners
